General University Information

Part 1

Student Responsibility Statement

A student has the responsibility to engage fully in assigned work, make connections, and develop professional competencies. The University is new in both thought and ideas. The student should be a partner in this endeavor, now and in the future. It is the student's responsibility to become engaged in the University's community of learners to develop a strong professional and ethical foundation as an individual.

Statement of Community Values

Underlying the University's mission are the following basic values:

- the importance of personal integrity, honesty, and ethical decision making;
- the right of every individual to be treated with respect and dignity as a member of a learning organization;
- freedom of intellectual inquiry in the pursuit of truth- even if it defies commonly understood theories;
- acceptance and appreciation of human diversity regarding race, gender, religion, sexual orientation, age, ability, ethnicity, and political views;
- freedom from violence aimed at limiting the freedom of, interfering with, or disrupting university activities; and
- recognition that civic engagement is a component of the intellectual development of a student and provides a path for knowledge in the service of the community.

History

The University was incorporated in the Commonwealth of Pennsylvania on December 12, 2001, making it the first science and technology-focused, non-profit, comprehensive university to be established in Pennsylvania in more than 100 years. Founded to address the Capital Region's need for increased educational opportunities in science, technology, engineering and mathematics (STEM) careers, Harrisburg University represents a major step to attract, educate, and retain Pennsylvania's diverse 21st century knowledge-based workforce.

A grand concept that was championed for more than a decade by business leaders, government officials, and the regional news media, Harrisburg University was built from concept to reality in less than a decade. The Pennsylvania Department of Education granted the University its charter in 2005, and the inaugural class of 113 students arrived in August of that same year to begin their educational journey in the new, high-tech environment.

An independent institution, the University offers academic and research programs designed to meet the needs of the region's youth, workforce and businesses. By aligning traditional undergraduate and graduate degrees with science and technology-based economic development and experiential learning, the University serves as a catalyst for regional economic prosperity and is expanding, attracting and creating economic opportunities in Central Pennsylvania.

Recognized as fulfilling a significant need, the University is a model public-private partnership, having received external support from the corporate sector, private individuals, and the state and federal government. Companies such as AT&T; Burt, Hill; Cleveland Brothers Equipment Co., Inc;

Gannett Fleming, LLC; Gunn-Mowery, LLC; Harristown Development Corporation; The Hershey Company; Hollywood Casino at Penn National Race Course; McNees, Wallace and Nurick, LLC; Penn National Insurance; PPL Corporation; The Phillips Group; Property Management, Inc; PSECU; Select Medical Corporation; and Versatile Systems have supported the University with funding and opportunities for our students.

Early public- and private-sector investments have made it possible for Harrisburg University to offer a student-centered and technologically-advanced education. The physical facilities of the University include a \$73-million Academic Center located at 326 Market Street in Harrisburg. The 16-story technology-laden facility accommodates up to 1,600 students and features 24 classrooms, 6 scientific teaching labs, 12 student team meeting areas, 6 seminar rooms and a 125-seat auditorium with audio-conferencing capabilities.

The University's experiential learning model, coupled with career preparation and development, has led to partnerships aligned with the University's mission and vision. The National Science Foundation, for example, funds the Science Education for New Civic Engagements and Responsibilities (SENCER) program housed within the National Center for Science and Civic Engagement at the University. Partners from across industry, academia and government provide students on-site internships, mentoring, and advanced learning opportunities connected to the latest trends, discoveries, and developments in biotechnology through the Department of Community Economic Development funded Capital Area Biotechnology Partnership. Carnegie Mellon University in Pittsburgh is a partner in the Advanced Center for Learning and Entertainment Technology at the University.

Mission Statement

The Harrisburg University of Science and Technology is an independent educational institution that offers academic and research programs in mathematics, science and technology designed to meet the needs of the region's youth, workforce, and businesses, and to expand, attract, and create economic opportunities in the region.

Approved by the Board of Trustees on November 12, 2002.

Re-affirmed by the Board of Trustees on March 6, 2006.

The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation.

Program offerings are authorized by the Pennsylvania Department of Education.

The Maryland Higher Education Commission granted approval of an authorization to operate at the Southern Maryland Higher Education Center for the Master of Science in Learning Technologies and Master of Science in Information Systems Engineering and Management degree programs.

Approved to participate in the federal Title IV, HEA student assistance programs by the U.S. Department of Education.

Approved by the Pennsylvania Department of Education for veterans and eligible dependents to obtain education benefits through the Veteran's Administration (VA).

Approved by the Veterans Administration to participate in the "Yellow Ribbon" program.

Harrisburg Area Community College

Additional articulation agreements are being pursued with various institutions of higher education.

A consortium agreement with another institution of higher education allows a student to remain enrolled at the university while also taking credits at the visiting institution. The university has a consortium agreement for certain nanobiotechnology courses with the following institution:

Student Information

Part 2

Philosophy

One of Harrisburg University's unique strengths is its small size, academic focus, and faculty and staff commitment to the needs of the individual student. All students will have the opportunity to meet with both academic and business (career) mentors. The student is required to consult with an academic advisor before making important changes to the program of study. Because students are taught primarily by full-time faculty, they are available and willing to assist with developing research projects, internships, and other real-world learning experiences both inside and outside of the classroom.

The University is dedicated to enhancing the healthy physical, psychological, social, and intellectual development of its students. The University's approach to support services is to provide the student with single point-of-contact access to its entire suite of services, from which the student will be routed to the appropriate educational, health care, counseling, or disability service after a single interaction.

Faculty Advisors

Harrisburg University of Science and Technology values the interaction and advice of faculty advisors to support student course selection, scheduling, career counseling, and general academic advising.

Upon admission to Harrisburg University of Science and Technology, a student is assigned a faculty member in the selected interest area or a faculty member specialized to work with undeclared major students. It is strongly encouraged that the student meet at least twice each semester with the faculty advisor.

Student Records and Registration Information

Calendar and Credit System

The University operates on a semester calendar and uses the semester hour credit system. There are three semesters per twelve-month period: Semester I (Fall), Semester II (Spring), and Semester III (Summer). Each semester consists of fifteen scheduled weeks of classes with final examinations occurring during the last scheduled class meeting.

Enrollment Status

Student enrollment status is defined as either full-time or part-time. The minimum full-time undergraduate student enrollment is 12 semester hours in a semester. Part-time status is any number of credits fewer than 12 semester hours. The standard full-time course load is 12 through 16 semester hours. A course load greater than 16 semester hours constitutes an overload and requires the approval of the Director of Records and Registration.

Part-time status is sometimes defined further using one of the following terms:

Three-quarter time	fewer than 12 semester hours but greater than or equal to 9 semester hours
Half-time	fewer than 9 semester hours but greater than or equal to 6 semester hours

Registration Process

Registration is completed for first-time and transfer students by the Office of Records and Registration. If a transfer student considers a course registration change, the student should meet with their faculty advisor before the end of the Add/Drop period. For subsequent semesters, the student registers on-line at MyHU/Academics to indicate course selections. The selections are then reviewed by the student's faculty advisor and finalized when the student and the advisor agree to the selections. The student is encouraged to complete this process at least two months prior to the beginning of the next semester. Registration dates and deadlines are shown on the Academic Calendar and Registration Instructions are posted on MyHU/Academics and Moodle.

Class Attendance

Attendance is a critical part of a student's education. The student is expected to attend class regularly and participate fully in the activities of that course. The instructor is responsible to set forth the attendance requirements for each course in the syllabus. All first-year students are subject to attendance requirements set forth in the First-Year Experience program information.

Attendance will be taken by instructors during the first two weeks of the semester for enrollment status determination by the Office of Records and Registration. Following that period, instructors may or may not regularly take attendance but instructors are encouraged to engage the student with class participation assignments.

If, in the judgment of the instructor, a student is excessively absent from class or fails to complete the requested participatory assignments:

1. the instructor will notify the student of this determination;
2. the student will have one week to meet with the instructor to address the situation;
3. if the student fails to do so, the instructor will notify the Office of Records and Registration to recommend withdrawal of the student from the course; and

4. if after persistent non-attendance or non-response to attempted contacts by the instructor, the Office of Records and Registration will notify the student of this action and may record a grade of “W.”

Progress toward a Degree

A student is classified based upon the number of semester hours completed and reported to the Director of Records and Registration. The classification is based on credits completed, not attempted, and does not include courses for which one of the following grades has been assigned: “I”, “IP”, “NR” or “F”.

Freshman	fewer than 30 semester hours earned
Sophomore	greater than or equal to 30 semester hours earned but less than 60
Junior	greater than or equal to 60 semester hours earned but less than 90
Senior	greater than or equal to 90 semester hours earned

A transfer student without a degree is classified on the basis of total semester hours accepted by the University.

A student who has earned a baccalaureate degree and is working toward a second degree is classified as a senior.

Catalog in Effect

A new student entering the University during the 2010-2011 academic year will be subject to this Catalog edition unless the student elects to complete a revised set of program requirements printed in a future edition of the Catalog.

A student who left the University and returns from an absence of one year or more will be subject to the Catalog edition in effect during the year of return.

A student who elects to complete a revised set of program requirements released by the University must notify the Office of Records and Registration of this decision by completing a Declaration of Major/Catalog Option Form available in that office.

Off-Campus Study Program

Pennsylvania Nanofabrication Manufacturing Technology Partnership Capstone

Semester – This program is comprised of a 6 course, 18 semester hour, one-semester experience at The Pennsylvania State University’s Center for Nanotechnology Education and Utilization on the University Park Campus focusing on nanofabrication manufacturing technology.

Policy - Any science student who is a Pennsylvania resident may choose to participate if the following criteria are met: (1) has earned a minimum of 60 semester hours; (2) has achieved a minimum 2.50 cumulative grade point average; and (3) be in satisfactory financial standing. The student is enrolled at The Pennsylvania State University during the Capstone Semester, so all registration, financial aid awards, and tuition payments must be coordinated with The Pennsylvania State University. If final grades of “C” or higher are earned at Penn State, the academic credit will be posted to the student’s academic record at Harrisburg University.

Procedure – The student should express an interest to participate in this program at least one semester in advance of the desired semester of attendance. The application form is available on MyHU>Academics>Forms. The student registers for these courses in Harrisburg University’s Office of Records and Registration after a letter of acceptance from The Pennsylvania State University has been received.

Additional information is available in the Office of Records and Registration.

Graduation Requirements

To receive a Bachelor of Science degree, a student must satisfy all of the following requirements. Verification that the student has met these requirements is made by the Director of Records and Registration.

1. At least 120 semester hours must be successfully completed.
2. A student must successfully complete all of the requirements of the declared program of study for which the degree is to be awarded.
3. A cumulative grade point average of at least 2.00 in all course work completed at the University is required for graduation from an undergraduate certificate program or a baccalaureate degree program.
4. The program required course must be completed with a minimum grade point average of 2.00.
5. A student must earn a minimum of 33 semester hours in residence toward a baccalaureate degree from Harrisburg University of Science and Technology: 9 semester hours must be completed in experiential courses, 18 semester hours must be completed in required courses, and 6 other semester hours. No more than 70 semester hours earned at a two-year institution may be applied toward a baccalaureate degree from Harrisburg University. The number of semester hours that may be transferred from a four-year institution is limited to 87.

A candidate must apply for graduation two semesters before the anticipated completion date. Each graduating student is expected to attend Commencement.

A candidate that is within one semester of completion of all graduation requirements may participate in Commencement if the student has a reasonable and executable plan to complete all unsatisfied requirements by the conclusion of the subsequent semester.

Grades and Grading

Grades are awarded to each student for academic credit completed at the University. A grade is assigned by the instructor responsible for the course in which the student is enrolled, using the following grading scale to indicate the quality of the student's academic work.

Grade	Description	Numerical Value
A	Superior achievement	4.00
A-		3.67
B+		3.33
B	Above average achievement	3.00
B-		2.67
C+		2.33
C	Average achievement	2.00
C-		1.67
D+		1.33
D	Minimum achievement	1.00
F	Fail	0.00
AU	Audit	Not applicable
CR	Credit	Not applicable
I	Incomplete	Not applicable
IP	In progress	Not applicable
LB	Laboratory	Not applicable
NR	Not reported	Not applicable
P	Pass	Not applicable
TR	Transfer credit	Not applicable
W	Withdrawal	Not applicable
WA	Administrative withdrawal	Not applicable
WM	Medical withdrawal	Not applicable

Grades of "AU", "I", "IP", "NR", "P", "TR", "W", "WA" or "WM" are not included in the calculation of a student's grade point average (GPA). They are used by the University in circumstances when grades of "A" through "F" are not appropriate.

Audit (AU) – The audit grade is assigned by the instructor when the student has properly registered to audit the course, and has met all requirements of the University's course audit policy.

Credit (CR) – A grade of "CR" is used to indicate, on the student's permanent record, credit that has been awarded by the University for prior learning, military training, or successful completion of an examination. While courses with a "CR" grade are counted toward the student's degree requirements, there are no quality points associated with this grade so this grade has no impact upon the calculation of the student's grade point average.

Incomplete (I) – Inability to complete course work due to documented circumstances beyond the student's control (such as severe illness) may, at the discretion of the instructor, result in a grade of incomplete (I). However, all work must be completed by the end of the Add/Drop Period of the subsequent semester. If all work is not

completed by that time, the “I” grade will convert automatically to a grade of “F”. It is the responsibility of the student to contact the instructor to make the necessary arrangements for makeup work. A student with 6 semester hours or more of incomplete work will not be permitted to register for future courses.

In Progress (IP) – This is a deferred grade assigned by the instructor to be used for research projects, internships, directed study, etc., when it is understood that the course will extend over more than one semester. An “IP” grade should be accompanied by a written plan and a schedule for completing the course within a specified time period to be no longer than 12 months.

Laboratory (LB) – This grade is assigned by the Director of Records and Registration at the conclusion of a semester to a student who is enrolled in a non-credit developmental recitation section of a course. This grade and such a course does not appear on the student’s transcript.

Withdrawal (W) – This grade is recorded by the Director of Records and Registration when the student has withdrawn from the course according to the policy set forth by the University for withdrawing from a course.

Administrative Withdrawal (WA) – The “WA” grade can be assigned only by the Provost or other designated official. It is used when it is necessary for a student to leave the University under extenuating circumstances and when the normal withdrawal process is not available to the student. A request for administrative withdrawal with accompanying documentation will be submitted to the Director of Records and Registration. The “WA” grade can be submitted at any time during the semester.

Medical Withdrawal (WM) – This grade can be assigned at any time during the semester when a student requests to leave the University for medical reasons and when the normal withdrawal processes are not available to the student. This grade is assigned by the Director of Records and Registration with the approval of the Provost. The student must submit well-documented evidence of the medical condition to be eligible for a medical withdrawal from the University.

Transfer (TR) – A grade of “TR” is used to indicate on the student’s transcript those credits that have been earned at another institution and that will count toward the degree at Harrisburg University. While courses with a “TR” grade are counted toward the student’s degree requirements, there are no quality points associated with this grade so this grade has no impact upon the calculation of the student’s grade point average.

Not Reported (NR) – The temporary grade of “NR” is recorded by the Director of Records and Registration when the instructor does not report a grade for the student for the course. The Director of Records and Registration will advise the Provost when an “NR” grade has been recorded for the student, and will work with the student and the instructor to determine why a grade was not reported.

Pass (P) - The “P” grade is assigned by instructors for a student who successfully completes a course that is designated as a course that will be graded on a Pass/Fail basis.

Grade Point Average

A grade point average (GPA) is a statistical calculation of a student's performance in a semester. The semester grade point average summarizes the student's performance during that academic term and the cumulative grade point average (CUM GPA) summarizes the student's performance during semesters completed at the University.

Calculation of the Grade Point Average

Course	Sem. Hrs. Attempted	Grade	Numerical Value	Quality Points
Course A	3	B	3.00	9.00
Course B	4	B-	2.67	10.68
Course C	2	A-	3.67	7.34
Course D	<u>3</u>	C	2.00	<u>6.00</u>
Total	12			33.02

$$\text{Total Quality Points} = 33.02/12 = \mathbf{2.75}$$

1. Compute the quality points earned for each course by multiplying the semester hours earned for the course by the numerical value of the grade earned in the course.
Example: A student registered for a course worth 4 semester hours who earns a final grade of "B- in that course will earn 10.6 quality points for that course (4 semester hour \times 2.67).
2. Add the quality points earned for each course in which the student is registered in the semester.
3. Add the number of semester hours attempted for all courses in which a grade of "A" through "F" was earned.
4. Divide the total number of quality points earned by the total number of semester hours attempted. The result is the grade point average.

Mid-Semester Deficiency Letters

Each instructor notifies the Office of Records and Registration of a student's poor academic performance in a course by submitting mid-semester deficiencies of "C-", "D+", "D", "F" or "I" at the end of the seventh week of classes, as indicated on the Academic Calendar. The student is notified of the deficiency in writing, with a copy to the student's academic advisor. A student who receives a mid-semester deficiency letter is encouraged to consult with the instructor and academic advisor and seek assistance offered by the Office of Student Services.

Final Grading Process

After the conclusion of a semester, each instructor notifies the Office of Records and Registration of a student's academic performance in a course by submitting grades. The Office of Records and Registration posts the grades to the student's permanent record and releases grade reports to each student as indicated on the Academic Calendar.

Final Grade Appeal

A punitive final grade is assigned by the instructor upon completion of coursework to earn credit during a semester or other term. A student may dispute and disagree with the final grade assigned by the instructor and may seek remedy using an evidence-based argument. A final grade appeal must be initiated on or before the tenth (10th) business day following the end of a semester or other term as specified in the Academic Calendar.

A student who chooses to appeal a grade must obtain a Final Grade Appeal Form from the Office of Records and Registration. The form must be completed with an explanation forming the basis of the appeal. The student's academic record will be placed in a "hold" status during the grade appeal process.

The student is then asked to meet with the course instructor to discuss the appeal request. The instructor must sign the form to either change the final grade or reaffirm the original grade assigned. If the original final grade is improved and satisfies the student's appeal, the instructor shall submit a Grade Change Form to the Office of Records and Registration, the grade will be posted, and the academic record hold status will be released. If the original final grade is reaffirmed and both the instructor and student agree with the grade determination, the instructor shall submit a Grade Affirmation Form signed by the student and instructor confirming the original grade to the Office of Records and Registration, the grade will be posted, and the academic record hold status will be released.

When a student is unable to meet with the instructor because of personal differences or if the instructor denies the initial appeal (above), the student may choose to pursue a final grade appeal by submitting the completed and endorsed form, with any and all tests, grades, essays or project summaries and a complete explanation as evidence in support of the student's position, to the Office of Institutional Compliance requesting a review and determination, with a copy to the Office of the Provost. Additional information may be requested from the student and/or instructor during this time. Following consultation with the Office of the Provost, a decision shall be rendered by the Director of Institutional Compliance within five (5) days of receipt. This decision is final and is not subject to further appeal. The instructor will then receive a final determination letter to change the grade or reaffirm the original grade assigned, with a copy to the student. The Office of Records and Registration will then post the grade and release the academic record hold status.

Release of Grades

In accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), reports of the student's grades are not routinely sent to the student's parents or guardians. Parents or guardians of a student under 18 years of age may obtain grades by writing to the Office of the Records and Registration. The grades of a student over 18 years of age will be sent to the parents only with the written consent of the student.

Repeated Courses

A student may repeat courses in which they have received a grade of C- or below. The original grade will remain on the student's transcript as part of the permanent academic record. Once a course is repeated, the most recent grade will be used in the calculation of the student's cumulative grade point average. Courses may only be attempted twice for credit.

Academic Honors

Honors List A student is eligible for the Honors List at the conclusion of a semester when:

1. the semester grade point average is 3.50 or higher; and,
2. a minimum of 9 semester hours of course work was completed, excluding those courses in which final grades were earned that are not included in the calculation of the grade point average.

Graduation Honors A student who has earned consistently superior grades will be recognized for this achievement at graduation with the designation listed below representing the student's level of

achievement. Both the student's diploma and university record will carry the appropriate honors designation as follows:

Summa Cum Laude for a cumulative grade point average between 3.95 and 4.00
Magna Cum Laude for a cumulative grade point average between 3.75 and 3.94
Cum Laude for a cumulative grade point average between 3.50 and 3.74

Academic Standing

A student with a cumulative grade point average of 2.00 or higher is in satisfactory academic standing. A student who is not in satisfactory academic standing is subject to probation and dismissal according to the following policy:

Probation - First Occurrence

If a student has a cumulative grade point average below 2.00 at the end of the semester, a letter shall be issued placing the student on probation for the subsequent semester. Additional academic requirements and conditions may be imposed at this time.

Probation - Second Consecutive Occurrence

If a student after two consecutive semesters has a cumulative grade point average that remains below 2.00, a letter of dismissal will be issued. The University reserves the right to retain a student on probation for one additional semester if the student's cumulative grade point average has significantly improved.

Academic Dismissal

The University reserves the right to exclude at any time a student whose academic record is unsatisfactory.

If at any time the cumulative grade point average falls below a 1.00 the University reserves the right to dismiss the student.

Deferred Examination Policy

This section applies to all examinations, including mid-term and take-home examinations, whether or not administered during the final examination period.

No Right to Defer

No student has a right to defer an examination. A student who fails to take an examination when scheduled will receive a failing grade of "F" on the examination unless the examination has been deferred according to the procedure outlined in this policy.

Policy on Deferral of Examinations

Examinations will be deferred only for "good cause." "Good cause" will be determined by the Director of Institutional Compliance in conjunction with the instructor of that course. The decision by the Director of Institutional Compliance is final. In the event of a lack of consensus between the Director and instructor, a decision will be made by the Provost. Examples of "good cause" include:

- serious personal injury or illness with appropriate documentation;
- serious injury, illness or death in the immediate family that can be documented; or,
- other extenuating mitigating circumstances beyond the student's control.

Procedure for Requesting Deferred Examination

If a student desires to request deferral of an examination, the student shall file a timely request with the Director of Institutional Compliance and the instructor requesting deferral of the examination. Each student requesting deferral of an examination must provide evidence of the event or situation which the student believes is justification for the deferral request.

Emergency Deferral of Examination

If a student is unable to take an examination for good cause (as defined previously) that arises within 24 hours immediately prior to the exam time, the student may appear in person or telephone the Director of Institutional Compliance to obtain permission to defer an examination. The student must make the request in person (room 1429) or by telephone (901-5123).

If a student cannot appear in person or by telephone, the student may miss the examination and apply for a deferral after the examination date. Such application for deferral must be made within 24 hours of the administration of the exam for which the student seeks the deferral, and in no event later than the last day of the exam period for that semester.

Timing of Make-up Examination

The deferred examination will be taken at a time determined by the instructor, in conjunction with the Director of Institutional Compliance. The make-up examination must be completed no more than five (5) business days after the original test date.

Illness During an Examination

If a student becomes ill during an examination and is unable to continue, the student shall notify the proctor and leave all examination materials with the proctor. The student shall seek medical attention immediately and obtain medical documentation describing the illness that prevented the student from completing the examination. The student will be permitted to complete the exam at a time determined by the instructor, no more than five (5) business days after the original test date.

Official Withdrawal Procedure

A student considering withdrawal from the University should meet with their Academic Advisor for an evaluation of options. A student who intends to officially withdraw from the University must complete and sign a withdrawal form, have a conference with the Financial Accounts Manager and Financial Aid Director regarding possible financial consequences of withdrawing from the University, and submit the form to the Office of Records and Registration. The last date of attendance will be determined by the official withdrawal date or the unofficial withdrawal process described earlier in the Financial Aid section of this catalog.

A student who unofficially withdraws by ceasing attendance and failing to notify the Office of Records and Registration may incur substantial penalties due to stringent federal and state regulations for the student financial assistance grant and loan programs.

Withholding of Records

Student records may be withheld by the Office of Records and Registration when directed by the appropriate University officials. The release of academic transcripts or a diploma may be held for a period of time. More specifically, an official academic transcript or diploma will not be released if tuition or other charges remain unpaid to the University. The Office of Student Services determines when a student's record should be placed on hold for disciplinary reasons and the Business Office determines when a student's record should be placed on hold for financial reasons.

Disciplinary Dismissal

The University reserves the right to exclude at any time a student whose behavior or conduct is found to be detrimental to the orderly functioning of the University. When misconduct may constitute a threat to person or property within the University community or under other circumstances, it may result in disciplinary action. The University assumes the responsibility to regulate the private conduct of its students when such conduct could constitute a hazard to or an infringement on the rights of others, a violation of the law, or a disruption of the legitimate academic and administrative processes of the University.

Tuition Charges, Refund Policies and Business Office Policies

All undergraduate tuition, charges and policies listed in this publication are effective as of July 1, 2010 and are subject to change, without notice, by the University's Board of Trustees.

Admission Application Charge

There is no charge for application for admission to the University.

Tuition Deposit

A non-refundable tuition deposit of \$150 must be paid in advance of final course registration for the initial semester of attendance. A tuition deposit made for Semester I (Fall) is non-refundable after May 1, 2010. A deposit for Semester II (Spring) is non-refundable after November 1, 2010.

Tuition – Semester Schedule

Tuition payment or satisfactory arrangement to pay tuition due is required before the first day of class. Tuition is charged at the per semester hour rate shown below. Full-time tuition charges are for 12 to 16 semester hours. A student who registers for more than 16 semester hours is subject to additional tuition costs at the per-semester hour rate (for example, tuition charged for 17 semester hours will be \$9,750 + \$850 or \$10,600). A student who registers for 11 semester hours or fewer is charged the per semester hour rate multiplied by the number of registered semester hours.

Registration Schedule per Semester

	Full-Time Tuition (12–16 Semester Hours)	Per Semester Hour Rate (1 to 11 semester hours or 17 or more)
Undergraduate	\$9,750	\$850

Financial Aid Counseling and Financial Clearance Date

All students are encouraged to apply for federal and state grant program funding for which they may be eligible. A student who intends to seek federal or state financial aid program assistance is required to contact the Office of Financial Aid at least 30 days prior to the start of a semester to complete the application process, submit all required documents and materials requested, and finalize a financial assistance plan by the end of the Add/Drop Period. A student whose financial assistance plan is not finalized by the end of the Add/Drop Period will not be allowed to attend class.

Tuition Payment Plans

A student may meet tuition expenses by enrolling in a convenient interest-free monthly payment plan. Interested persons may contact the Business Office at 717.901.5135 for more information.

Laptop Computer and Textbooks

A laptop computer with wireless capability is required for attendance in all programs of study and should be obtained prior to the first day of class. Minimum requirements are listed on the University's website: <http://www.HarrisburgU.edu/campuslife/technology/laptop.php>. The cost is approximately \$700 to \$1,200.

Textbooks and other supplies (if specified for a course) must be obtained by the student prior to the first day of class. Textbooks may include both hard- and soft-bound books, journals, CDs, or

software. Supplies may include a laboratory coat, goggles, gloves or any other required item specified. The estimated cost for textbooks and other supplies per course is \$100.

Optional Services Costs

Parking Charge – A student may park a vehicle on campus according to the following rate schedule: Semester I (Fall), 2010-2011 - \$175; Semester II (Spring), 2010-2011 - \$175.

Fitness U Charge – A student may use the Fitness U facility according to the following rate schedule: Semester I (Fall), 2010-2011 - \$60; Semester II (Spring), 2010-2011 - \$60.

Other Costs

Tuition Payment Late Charge - A late payment charge of \$150 will be assessed if the student fails to make payment arrangements or pay tuition on or before the first day of the semester or term.

OneCard Replacement Charge - Upon enrollment, a student receives, at no cost, a photo-imprinted OneCard to be used as an identification badge, as a library card, and for building and elevator access. A student is required to wear the OneCard badge when on campus. If a OneCard is lost or stolen, a charge of \$25 is assessed to replace the card.

Late Registration Charge – A charge of \$50 will be assessed if the student registers for a course after the Add/Drop Period has ended.

Enrollment Status Determination and Financial Aid Payments

A student's enrollment status is determined at the end of the Add/Drop Period. The student is charged the applicable tuition rate for the number of semester hours in which the student is enrolled. Federal student financial aid program assistance for which the student may be eligible is then calculated and paid during week 4 or thereafter, in accordance with regulations, based on the student's enrollment status. Direct student loans and PLUS loans are scheduled for disbursement on or after the 31st calendar day from the first day of the semester for first-time students. University merit and need-based grants and scholarships, if any, are credited to the student's account in week 4 or thereafter during the semester. Advance payment of an estimated credit balance resulting from anticipated institutional financial aid awards is prohibited.

Refund Policy for Traditional Semesters

A student who withdraws from the University prior to the end of the third week of the semester may be due a credit for the unearned portion of the tuition charge.

The rate of tuition refund for withdrawal from the University is as follows:

- prior to the first day of a semester 100%
- during the first week 75%
- during the second week 50%
- during the third week 25%
- after the third week 0%

Tuition Refund Policy

Tuition for the semester is considered fully-earned at the end of the third week of classes. For refund purposes, the semester begins on the first day of class for that semester, regardless of the student's first class day of attendance during week one. The period of time used to calculate the tuition refund is the first day of class of the semester to the University's determination date of official or unofficial withdrawal.

There will be no refund or additional charges for a student who adds and drops an equal number of semester hours within the same semester prior to the end of the Add/Drop Period.

If a student reduces the number of courses and/or semester hours during the published Add/Drop Period, a tuition adjustment for that course or semester hour reduction will be made, except the student maintains full-time enrollment status with 12 semester hours or more.

There is no tuition refund when a student withdraws from one or more courses after the Add/Drop Period but remains enrolled in one or more other scheduled courses.

A scholarship payment received from a company or organization is applied to the student's tuition balance. The refund policy does not apply separately to the various types of payments credited to the student's account.

Official Withdrawal

A student is encouraged to contact the Financial Aid and Business Offices in advance of any decision to withdraw from the University to obtain an explanation of the tuition and financial aid adjustments that will occur, if any, as the result of withdrawal from the program of study.

A student who intends to officially withdraw from the University is encouraged to contact the Office of Records and Registration by telephone (717.901.5136), e-mail (Registrar@HarrisburgU.edu), or in person. It is recommended that a Withdrawal Form be completed or one will be completed for you.

The determination date for withdrawal purposes shall either be the actual date of formal notification by the student or some future date specified by the student as the intended last date of attendance. The determination date is used to calculate the tuition refund, if any, and the student financial assistance program refund, if applicable.

Unofficial Withdrawal

A student who discontinues attendance in all courses during a semester and does not officially withdraw from the University is considered to have unofficially withdrawn. The determination date for unofficial withdrawals shall be the end of the semester, unless other evidence is provided to the Office of Records and Registration. There are serious federal student financial aid program implications for a student who unofficially withdraws, as explained below.

Federal Student Financial Aid Program Refund Calculation

Refunds are calculated upon official withdrawal from all classes and, if the student was deemed eligible for Title IV, HEA student financial assistance program funds, any refund due will be paid within 45 days from the date the student is determined to have withdrawn.

A student who officially withdraws before the 60 percent point in time of the semester (week 9) - will incur an adjustment to the amount of financial aid program funds awarded and/or disbursed for the term based on the percentage of time attended from the first day of class to the University's determination date of withdrawal. If a student officially withdraws during or after week 10 of the 15-

week semester, 100 percent of the student's financial assistance program awards are considered earned and will be applied to the total amount of institutional charges due for the term.

For a student who unofficially withdraws during a semester, the withdrawal date shall be the end of the semester. Federal regulations require that only fifty percent (50%) of the student's financial assistance program awards may be paid for that semester. The student is then responsible for all tuition charges due resulting from this reduction in awards and/or payments previously credited to the student's account.

Institutional Financial Assistance Awards, Payments and Refunds

Merit- and need-based financial aid assistance awarded by the University for a semester are earned ratably through week 9 of the 15-week academic term, similar to the federal student assistance program refund calculation described above.

While payments of institutional aid may be credited to the student's account on or after week 4 of a semester, the student must remain enrolled through week 9 of the semester to fully earn the award.

For example, a student with a merit award of \$2,000 who officially withdraws in week 6 of the 15-week semester would only have \$800 of institutional financial aid assistance applied toward tuition due for the term [$\$2,000 \times 6/15 = \800]. The difference of \$1,200 is rescinded and the student is responsible for any remaining tuition balance due.

Refunds for Non-Standard Terms – Course Charge

Various courses are offered in 7- or 8-week modules and the student is charged for only the number of credit hours enrolled for a single course. Where applicable, a student who withdraws from the University prior to the first day of the non-standard term may be due a refund of money paid to the University.

The rate of refund for withdrawal from the University is based on the amount charged for registered credit hours and is as follows:

- prior to the first day of a module 100%
- after the first day of class of a module 0%

Refunds for Non-Standard Terms – Program Charge

Various programs are offered in 7- or 8-week modules and the student is charged for the total number of credit hours enrolled for the entire program. Where applicable, a student who withdraws from the University prior to the first day of the non-standard term may be due a refund of money paid to the university. Tuition for each module will be earned ratably for the assigned number of credit hours and, should a student withdraw from the program, a refund will be made for all modules not yet attempted in the program.

The rate of refund for withdrawal from the University is based on the amount charged for the Program and is as follows:

- prior to the first day of class of a module 100%
- after the first day of class of a module 0%
- remaining modules not attempted 100%

Student Financial Aid Policies

The Office of Financial Aid assists qualified applicants who, without assistance, would otherwise be unable to pursue a college education. The Free Application for Federal Student Aid (FAFSA) and resulting need analysis is used to apply for federal, state and institutional award consideration.

A student must apply each year to renew financial aid eligibility. The amount of financial aid awarded will reflect changes in University costs and updates to the financial profile of the student and family.

All students are encouraged to apply for federal and state grant program funding for which they may be eligible. A student who intends to seek federal or state financial aid program assistance is required to contact the Office of Financial Aid at least 30 days prior to the start of a semester to complete the application process, submit all required documents and materials requested, and finalize a financial assistance plan by the end of the Add/Drop Period. A student whose financial assistance plan is not finalized by the end of the Add/Drop Period will not be allowed to attend class.

Financial aid awards are based on the enrollment status of the student, defined as:

Full-time	12 or more semester hours
Three-quarter time	9 to 11 semester hours
Half-time	6 to 8 semester hours
Less than half-time	1 to 5 semester hours

Satisfactory Academic Progress for Financial Aid Recipients

Satisfactory academic progress (SAP) is defined as the minimum progress required toward the completion of a degree, and must be maintained in order to receive federal and institutional financial aid. The Pennsylvania State Grant Program, administered through PHEAA, may have different criteria to determine academic progress.

Federal regulations require the University to establish standards of academic progress in each of the following areas:

- the student's cumulative grade point average or qualitative measure; and,
- the maximum time limit for completing the program of study, the quantitative measure.

Financial aid recipients must maintain the standards in both areas, regardless of whether aid was received in the past. A student who is not in compliance with one or more of the standards is ineligible for further financial aid until all standards are met. In order to receive financial aid, a student enrolled in non-degree or certificate programs must meet the same standards of academic progress as a degree-seeking student.

A student who is academically eligible to continue their enrollment at the University, but does not meet the standards of academic progress, may attend classes at their own expense until they regain eligibility to receive financial aid. A student should contact the Office of Financial Aid to discuss strategies for meeting the standards, and to inquire about options for financial assistance that do not require satisfactory academic progress.

Academic Standing and Financial Aid Eligibility (qualitative) - A student with a cumulative grade point average of 2.00 or higher is in satisfactory academic standing. A student who is not in satisfactory academic standing is subject to probation and dismissal according to the following policy:

First Occurrence

If a student has a cumulative grade point average below 2.00 at the end of the semester, a letter shall be issued placing the student on probation for the subsequent semester.

Second Consecutive Occurrence

If a student after two consecutive semesters has a cumulative grade point average that remains below 2.00, a letter of dismissal will be issued. The University reserves the right to retain a student on probation for one additional semester if the student’s cumulative grade point average has significantly improved.

If at any time the cumulative grade point average falls below a 1.00 the University reserves the right to dismiss the student.

Maximum Time Limit for Completing the Program of Study (quantitative) - A full-time student must successfully complete a program of study within one- and one-half times the normal time frame in credit hours attempted. A student who is enrolled less than full-time will have the policy applied on a pro-rata basis in accordance with enrollment status.

Normal Time Frame	Number of Semesters	Avg. # of Sem. Hrs. Per Semester	Maximum Attempted Sem. Hrs.	Maximum Number of Semesters	Avg. # of Sem. Hrs. Must Be Completed Per Semester
Degree Programs: 120 semester hours	8	15	180	12	10

Academic Standing and Satisfactory Academic Progress Review and Notification – The University evaluates academic standing and satisfactory academic progress at the end of each semester. All students who receive federal and state financial aid must meet the standards for satisfactory academic progress in order to establish and retain student financial aid program eligibility. The University may establish academic policies that may be different than the policies governing academic warning, probation, and dismissal for federal and state student assistance program purposes. Written notification of financial aid ineligibility is mailed to a student at the most recent permanent address.

Appeals – A student who becomes ineligible to participate in financial aid programs as a result of failure to meet satisfactory academic progress, as defined above, may file an appeal by submitting a letter outlining the nature of their appeal to the Director of Financial Aid. An appeal will be considered only if the student’s failure to meet the standards of academic progress is determined to be due to events beyond the student’s control. Written documentation of the circumstances and updated financial information (if any) must be submitted with the appeal and should reference the student’s name and student ID number. Appeals submitted without documentation will not be considered. Examples of circumstances for which an appeal may be considered include:

- employment or military obligations
- medical emergencies
- unusual personal hardship

A timely determination will then be made and documented in the student’s file.

Student Affairs

New Student Orientation

Orientation helps the first-time student bridge the gap between high school and college. For an adult student returning to college, or an adult attending college for the first time, orientation is intended to ease the transition from the working world to university life. The goal is to provide critical information to the entering student regarding all the University has to offer, especially support services such as advising, tutoring, mentoring, library services, technology support, campus security and other campus resources. The student is introduced to the academic advisor at this time.

Orientation sessions precede each semester. A new student enrolling for the Semester I (Fall) is required to attend one summer orientation session in order to begin establishing relationships with other students and faculty, to become familiar with the campus and its environs, and to obtain the personal course schedule. A new student should also plan to attend all scheduled fall welcome activities. A new student entering in Semester II (Spring) or Semester III (Summer) is required to attend an orientation session in the days prior to the first day of the semester.

Disability Support Services

Harrisburg University of Science and Technology welcomes diversity among its students and, in accordance to the Americans with Disabilities Act of 1990, seeks to provide reasonable and effective support services to all students.

The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 prohibit discrimination on the basis of disability and require the university to make reasonable accommodations for those otherwise qualified individuals with a disability who request accommodations. A reasonable academic accommodation is a modification or adjustment that allows an individual to gain equal access and have equal opportunity to participate in the University's courses, services, activities, and use of the facilities. The University is not obligated to provide an accommodation that requires a substantial change in the curriculum or alteration of any essential elements or functions of a program.

The applicant must provide recent documentation (within 3 years) of any disability that may affect learning to ensure that appropriate accommodations are considered. The documentation must be certified by a licensed professional in that field and include a specific diagnosis indicating the severity, a description of how the disability substantially impacts the student, and any suggested accommodation.

Textbook Services

Textbooks are made available for student purchase through the services of Validis Resources, which has an affiliated online store at www.ubookcentre.com for new and used textbook purchase or rentals. First-Year Experience

Recent high school graduates will participate in a First-Year Experience program that is designed to help the incoming student maximize the first year by becoming comfortable on campus, connecting with the university and the local community, and meeting and developing new friendships with other students and faculty. The first-year student follows a curriculum that provides a learning community designed to ensure that the student obtains the needed academic skills to be a successful student. In the first-year courses, the student is also encouraged to become aware of the learning and communication styles in order to promote more authentic learning and improved communication in addition to learning effective techniques for stress and time management, self-motivation and goal setting. The learning community design allows all first-year students to have virtually the same schedule in order to encourage community-building and educational persistence.

Academic Advising

Academic advising is a critical component of a student's education. Successful advising is a significant contributor to student progress and therefore every undergraduate student is assigned to an academic advisor who is a faculty member. The advisor assists the student to explore academic and personal goals and to discuss subsequent course selections. Advisors also assist students in learning how to access resources and opportunities that the University has to offer. Academic support programs and services offered to students include:

One-on-One Advising

Individual student advising is provided for the student throughout the period of enrollment. This advising is focused on academic success strategies such as time management, study skills, career aptitude, decision making and goal setting. This is done by faculty advisors and also through the Office of Student Services.

For more information, contact advising@HarrisburgU.edu

Group Study Sessions

The Learning Commons provides group study rooms for students to study and complete group projects. Regularly scheduled group sessions occur weekly or bi-weekly and students interact with an assigned tutor or model student.

For more information, contact tutoring@HarrisburgU.edu

Tutoring Program

Individual tutors are available and are scheduled upon request. Many students will request tutoring in order to ensure their mastery of course material or to prepare for tests.

For more information, contact tutoring@HarrisburgU.edu

Smarthinking™

Smarthinking is an online tutoring service that is free to students. A student can take advantage of live one-on-one sessions with a professional tutor in the subject for which help is needed. A student may also submit questions or essays for feedback from a tutor and may receive immediate responses.

For more information, contact tutoring@HarrisburgU.edu

Academic Enrichment Program

A student who wishes to enhance basic academic skills such as mathematics, reading, writing and time management may complete tutorials.

Technology Literacy Program

A student who wishes to improve technology skills can choose from an array of computer literacy tutorials provided by individual tutors and partnerships with local organizations.

Model Student Program

A student in a certain introductory level course has the advantage of attending class and studying with a model student. A model student promotes good study habits by attending the class, leading study groups in which class notes are reviewed with reading materials, and assists the student plan for timely completion of assigned coursework.

Business Mentors Program

The student has the opportunity to be paired with a Business Mentor. These individuals are successful professionals in the local community who guide a student through the student's university career while helping the student to build a network of professional contacts in the program of study. This program seeks to link student learning in the classroom with learning in the disciplines of science and technology in the field.

Career Advising

Career advising begins for the student early in the educational experience. The student is exposed to this counseling in the Seminar course series, with the academic advisor, through the internship process, and in the Business Mentor program. All of these efforts are geared to encourage the student to begin planning early for eventual entry into the workplace. The University also partners with a nationally recognized search firm, Arcus, to assist the student in the job search process upon graduation.

transport any alcohol, liquor, malt or brewed beverages within the Commonwealth. Students will be cited for violation of this law.

The University community urges students to maintain good conduct and obey laws on- and off-campus, but it cannot be responsible for enforcing laws at off-campus, non-University sponsored activities. However, the University reserves the right to take disciplinary action against students who violate laws during off-campus activity.

B. Narcotics and Drugs

The administration of the University fully supports the established laws regarding the use of narcotics and drugs. It is in no position to condone any violation of such laws.

Because drug problems are often complex, the University will make every effort to help students with such problems. However, students must remember that drug problems discovered in the normal course of administrative operations will be treated as disciplinary matters.

Nationally, there is the National Institute of Drug Abuse hotline, 1-800-662-HELP, or the website www.drughelp.org for up-to-date information and referral sources.

C. Harassment and Misconduct

Harrisburg University of Science and Technology, consistent with its efforts to foster an environment of respect for the dignity and worth of all members of the University community, holds that any harassment, including verbal, physical or sexual, of students or employees is unacceptable and impermissible conduct.

All members of the University community, including students, are responsible for knowing this policy.

University personnel are responsible for referring to the Provost complaints of alleged or actual sexual harassment, including incidents where reprisal for reporting sexual harassment has occurred.

University personnel have been designated to provide information, support, and assistance for issues of sexual harassment and institutional climate that adversely affects and discriminates against students and employees on the basis of gender.

D. Student-to-Student Misconduct Policy

Harrisburg University of Science and Technology will not tolerate violence toward and abuse of persons, including sexual harassment, rape and other sexual offenses. When there is probable cause to believe that an incident of harassment or assault has occurred, the University may pursue strong internal disciplinary action. The penalties for such behavior may be severe, including the possibility of suspension from the University and notification of local law enforcement authorities.

A person charged with misconduct may be prosecuted under Pennsylvania Criminal statutes and disciplined under the Student Code of Conduct. The University may pursue disciplinary action in all cases even if the criminal justice system authorities decide not to prosecute because of insufficient evidence or by choice of the victim.

All members of the University community are encouraged to immediately report incidents of student-to-student misconduct to university or local police and to the Office of Academic and

Student Affairs. The student victim of misconduct, sexual or otherwise, and/or any credible witnesses will be afforded care and support in any disciplinary proceeding that follows. The consent of the victim or credible testimony of a witness is necessary for the University judiciary process or criminal process to proceed.

Any student, or non-student member of the University community, is subject also to charges through the criminal justice system for those acts that violate legal statutes. A student found guilty of sexual offenses by legal statutes may also be subject to suspension or dismissal from the University.

(6) We, as a Community of Learners, will honor and uphold this Code of Conduct. We will do our share and take an active part in seeing to it that others uphold the spirit and letter of the Honor Code. Peer-to-Peer (“P2P”) File Sharing and Copyright Infringement Disclosure

Introduction

The Higher Education Act of 1965, as amended, under Title IV, Section 285(a)(1)(P) and Section 487(a)(29), effective August 14, 2008, requires the disclosure to users of information technology resources that Harrisburg University of Science and Technology has developed a plan to combat the unauthorized distribution of copyrighted material (including the use of technology-based deterrents) and will, to the extent practicable, offer alternatives to illegal downloading. The illegal distribution of copyrighted material is prohibited, and may subject an individual to criminal or civil penalties.

The “Digital Millennium Copyright Act of 1998” (DMCA) states that copyrighted information is protected and that it is illegal to download, upload, or distribute that information in any fashion. The provisions of this law specify a process to deal with any claimed infringement.

Plans to “Effectively Combat” Unauthorized Distribution of Copyrighted Material

P2P traffic is identified via the Intrusion Prevention System (IPS) that is integrated within the university’s Cisco ASA 5500 security appliance. In most cases, a client’s connection to the network will be dropped when typical P2P traffic is sensed.

This intrusion system covers the known protocols that popular P2P clients - such as Limewire, bearshare, Kazaa, etc. - utilize to establish connections to potentially transfer files containing copyrighted material. Additionally, the ability for students to pass files over the Wireless LAN between laptops has been shut down.

Compliance

Harrisburg University reserves the right to capture, preserve, and/or inspect any information transmitted through, stored on, or used on any IT resource.

Identification of Copyrighted Material Violation and Action Taken

The designated agent to receive notification of a claimed infringement, in accordance with the provisions of the Digital Millennium Copyright Act, is:

Keith A. Green
Director of Institutional Compliance and Reporting
326 Market Street
Harrisburg, PA 17101
(717) 901-5123
KGreen@HarrisburgU.edu

If an infringement claim is submitted to the university by a complainant, appropriate action will be taken to identify the student, faculty, or staff member involved in the complaint.

Written notice to the involved individual via email will require the removal of the copyrighted files or documents from the computer containing the material within 72 hours of the formal notice. A reply confirmation is required when corrective action has been taken to remove the illegal files, documents, or other material.

Upon receipt of the material removal confirmation, the designated agent will notify the complainant of the institutional resolution.

If an individual involved in the complaint fails to take the requested corrective action within 72 hours, access to the Harrisburg University network will be deactivated. Reactivation to the network can only occur at such time that it is confirmed that corrective action was taken.

Penalties for Copyright Infringement

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ's at www.copyright.gov/help/faq.

Procedure to Update and/or Amend

Harrisburg University of Science and Technology reserves the right to update or amend this document to reflect university policy or procedural changes and/or state or federal law.

Family Educational Rights Privacy Act (FERPA) Policy

The University collects a considerable amount of information about each student during the period of enrollment. Almost all of this information is contained in records protected by the Family Educational Rights Privacy Act (FERPA), a federal statute signed into law in 1974. Under this law, a student has the right to review the records and to challenge anything in them that is perceived to be inaccurate or misleading. FERPA regulations also stipulate that the University cannot release information from the student's records to anyone but the student without the student's written consent, except to the extent that the FERPA policy authorizes disclosure without consent.

University officials may disclose education records and information to parents or others without consent of the student under certain circumstances:

- During a health or safety emergency to protect students or other individuals
- Any record to the parent when the student is a dependent for federal income tax purposes
- Law enforcement unit records, including outside law enforcement authorities
- Parental information when a student under 21 has violated any law or university policy concerning the use or possession of alcohol or a controlled substance

Directory Information Policy - The University may disclose directory information about the student unless the student specifically informs the University in writing that this type of information should **not** be released. Directory information includes:

- student's name
- address
- e-mail address
- telephone number(s)
- class year, program of study
- enrollment status
- dates of attendance
- degree(s) and/or awards received
- participation in officially recognized University activities

For additional information on the FERPA policy see <http://www.ed.gov/policy/gen/reg/ferpa/index.html>

Student Grievance Policy

A situation, circumstance or incident may occur where a student concludes that they have incurred egregious harm as the direct result of an action caused by a member of the faculty or staff. A student in this circumstance may file a formal grievance against a faculty or staff member of the university to seek administrative redress. Examples of adverse behaviors include, but are not limited to: violation of confidentiality; offensive remarks as a deliberate insult individually, in the company of others, or in the classroom; racist or sexist remarks and/or attitudes; inappropriate sexual contact, not limited to sexual intercourse; or, inappropriate relationships with the student which cause conflict of interest for either the student or faculty or staff.

A student who is compelled to submit a grievance must obtain a Student Grievance Form from the Office of Records and Registration. The form must be completed with an explanation of the facts of the allegation, and attach to it any and all documents, testimonies or petitions supporting the student's position as evidence. The completed grievance form should be submitted promptly to the Director of Institutional Compliance.

A grievance cannot be filed on behalf of another person. Grievances may not be used to challenge academic or other policies or procedures of general applicability.

Additional information may be requested from the student while the grievance is being considered. The alleged faculty or staff person will be interviewed and asked to sign an affidavit stating facts relative to the alleged incident. Following consultation with the Office of the Provost, a decision shall be rendered by the Director of Institutional Compliance within five (5) business days of the grievance submission. The student will then receive a determination letter.

If the student does not receive a satisfactory remedy relative to the grievance, the student may request further review by a Grievance Committee which consists of: the Director of Institutional Compliance, who shall act as the Committee Chair, an administrator designated by the Provost, the Chair of the Faculty of the Whole, a member of the Office of Student Services, and a student representative that has no previous knowledge of the matter to be considered. The request for review by the Grievance Committee must be submitted in writing to the Director of Institutional Compliance. An “employee” is any person that is a member of the faculty, staff, or student receiving a salary, wages, other compensation and/or stipend support from Harrisburg University.

POLICY

General Rules Governing the Use of Alcohol

Harrisburg University seeks to encourage and sustain an academic environment that respects individual freedom and promotes the health, safety and welfare of all members of its community. In keeping with these objectives, the university has established the following policy governing the possession, sale and consumption of alcoholic beverages by members of the university community, and conforming to the laws of the Commonwealth of Pennsylvania. HU's alcohol policy is intended to encourage its members to make responsible decisions about the use of alcoholic beverages, and to promote safe, legal, and healthy patterns of social interaction.

1. Harrisburg University prohibits:
 - The possession and/or consumption of alcoholic beverages by persons under the age of twenty-one on property owned or controlled by the university or as part of any university activity.
 - The intentional and knowing sale of, or intentional and knowing furnishing (as defined by Pennsylvania law) of alcoholic beverages to persons under the age of twenty-one or to persons obviously inebriated on property owned or controlled by the university or as part of any university activity. Pennsylvania law currently defines "furnish" as "to supply, give, or provide to, or allow a minor to possess on premises or property owned or controlled by the person charged."
 - The consumption of alcoholic beverages by all university students and employees so as to adversely affect academic or job performance and/or endanger the physical well-being of other persons and/or oneself, and/or which leads to damage of property.
 - The possession, sale, distribution, promotion or consumption of an alcoholic beverage in a manner that constitutes a violation of federal, state or local law, including the sale, directly or indirectly, of any alcoholic beverages at a premise or by an entity not licensed for such sales on property owned or controlled by the university or as part of any university activity.
2. In cases of intoxication and/or alcohol poisoning, the primary concern is the health and safety of the individual(s) involved. An individual is strongly encouraged to call for medical assistance when needed or for a friend/acquaintance who is dangerously intoxicated. No student seeking medical treatment for an alcohol or other drug-related overdose will be subject to university discipline for the sole violation of using or possessing alcohol or drugs. This policy shall extend to another student seeking help for the intoxicated student.
3. The President, Vice Presidents, Associate Vice Presidents, Associate Provosts and heads of administrative areas have the authority and responsibility to govern the use of alcohol

in areas they control and to ensure that (at events where alcohol will be served in such areas) only legal age individuals will have access to such alcohol. Further, those hosting such events must take reasonable steps to ensure that the acquisition, distribution and consumption of alcohol otherwise complies with applicable law and university policy.

4. At any event at which alcohol will be served, sufficient quantities of non-alcoholic beverages and food must also be available to guests without cost.
5. Consistent with Pennsylvania law, advertisements of social events shall not promote nor describe the availability of alcoholic beverages nor promote the consumption of alcohol by minors.
6. Ordinarily, consumption of alcoholic beverages in outdoor public areas such as walkways, unenclosed patios, green spaces, and the like is not permitted regardless of the age of the drinker. However, appropriate administrators may grant exceptions to this guideline on an event-by-event basis. Exceptions will be granted only for those events where an overwhelming majority of those reasonably expected to attend an event are of legal drinking age. Events for which exceptions have been granted must be limited to areas that are clearly demarcated and in which it is possible to exercise adequate control of access to and consumption of alcohol.

LEGAL SANCTIONS

Harrisburg University strives to promote the health and safety of its diverse population, protection of university property, prevention of abusive behavior related to drug and alcohol consumption, and the preservation of an environment conducive to scholarship and positive social interaction.

Therefore:

1. All university students and employees are expected to comply with applicable local, state and federal laws regarding the possession, use or sale of alcohol or drugs, whether on or off-campus, and are expected to comply with this policy regarding alcohol possession or use.
2. Any student or employee who violates university policy or applicable law may be subject to disciplinary sanctions and/or referral for prosecution. Disciplinary sanctions for students range from disciplinary warning to expulsion. The severity of the sanctions will depend, in part, on whether there have been repeated violations and on the seriousness of the misconduct. Employees found to be in violation of this policy or applicable law will be subject to university disciplinary procedures which may impose sanctions up to and including termination from employment and/or referral for prosecution. The university also supports enforcement, by applicable law enforcement agencies, of all local, state and federal laws.
3. Along with disciplinary consequences, the university is committed to providing treatment and education as appropriate to assist members of the community.
4. Within thirty (30) days of a conviction on drug charges, appropriate action will be taken up to and including termination of employment or discharge from the University. The university may require satisfactory participation in a drug abuse assistance or rehabilitation program approved for such purpose by a federal, state, or local health, law enforcement, or other appropriate agency

IN SUPPORT OF THE POLICY ON DRUG AND ALCOHOL ABUSE PREVENTION,

SYMPTOMS AND PROGRESSION OF ALCOHOLISM

It is estimated that for every ten people who drink alcohol, one will become alcoholic. Studies also show that for every person suffering from alcoholism, there are at least four other people, including spouses, children, and parents, who are seriously affected by that alcoholism. If you consider that it typically takes an individual suffering from alcoholism seven to ten years to recognize the problem (if it is recognized at all) and to seek help, you can begin to understand the profound influence alcohol abuse has on our society, the family, and the health of our nation. Why does it take so long? Why is alcoholism so difficult to recognize?

Denial is one of the primary symptoms of alcoholism, making the individual and oftentimes the family incapable of recognizing the problem and seeking appropriate treatment. Ignorance is another important factor. Alcoholism is one of the most misunderstood and misdiagnosed diseases. How do we recognize alcoholism, particularly in its early stages? One of the most useful definitions of alcoholism is: If drinking is creating problems, it is one.

Alcoholism is a chronic, progressive disease with predictable, identifiable symptoms which, if not treated, can be fatal. Here is a list of some primary symptoms of alcoholism, placed in the order in which they generally occur. One need not be experiencing all of these symptoms or in the order listed to be suffering from alcoholism.

Increase in Tolerance	Being able to out-drink your peers is not something to be proud of, but to be concerned about.
Preoccupation	Looking forward to drinking after work or on the weekend. Planning your social activities around alcohol.
Blackouts	Occasional memory lapses while drinking or an alcohol-induced state of amnesia.
Sneaking Drinks, Gulping Drinks	
Loss of Control	Unplanned drinking episodes or inability to realistically predict what will happen once you take the first drink.
Alibis	Having to explain why you drank or make excuses for your drinking.
Change in Drinking Patterns and Attempts to Control Promises and Resolutions Repeatedly Fail Family Problems, Financial Problems,	
Going on the Wagon	Some people quit drinking for a period of time in an attempt to

	control their drinking or prove to themselves that they are not physically addicted to alcohol, failing to realize that one need not drink every day in order to have a drinking problem.
Increasing Blackouts	
Geographic Escape	Changing jobs, moving to a different city or state to get a "new start."
Impaired Thinking, Loss of Job, Decrease in Tolerance, Drinking in the Morning	
Physical Deterioration	Liver, heart, stomach, brain damage.
Indefinable Fears	
Abandonment	"I don't care."

You may report emergencies or criminal activities by calling a Security employee on (717) 901-5180 or by notifying a member of the faculty, staff or administration.

Students entering a University program of study are encouraged to attend new student orientation, which includes a review of policies and rules related to conduct and behavior expected of students. Students receive information on topics such as drug and alcohol abuse, sexual assault and date rape crimes. If a sexual offense should occur on campus, contact the police and notify the Student Services Office. Important immediate actions should include preserving any evidence as proof of a criminal offense and obtaining a description of the alleged offender.

Emergency Response and Evacuation Policy and Procedures

In the event of a significant emergency, notification to the campus community will commence upon confirmation of the emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty or employees. The University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. Any emergency should be reported to the Security Office on 901.5180. Emergency information will be disseminated to the larger community by a website notice. The Director of Institutional Compliance is responsible for the Emergency Policy and Procedure process. The emergency policy and procedures will be tested on at least an annual basis.

Timely Warning Information

In the event of a sexual assault or other criminal act on campus, the Student Services Office should be notified immediately. Harrisburg University pledges to provide timely warning to students, faculty and employees if a felony act should occur on campus. The University will provide instructions to maintain campus security, which may include lockdown or the cancellation of all classes. For victims of an alleged sex offense, the Student Services Office will coordinate academic options with the student.

Campus Disciplinary Action

In cases of an alleged sex offense, both the accuser and the accused will be required to meet with Student Services. Both parties may request other persons to be present during the disciplinary hearing. Student Services will determine whether no action, a suspension, or formal dismissal from the University is warranted. Both parties will be informed of the outcome of any determination.
