DUAL ENROLLMENT FOR HIGH SCHOOL STUDENTS

WHO IS ELIGIBLE TO TAKE DUAL ENROLLMENT COURSES?

At Harrisburg University, high school sophomores, juniors and seniors are eligible to apply for dual enrollment. We welcome dual-enrolled students from public, private, charter, home and cyber schools.

WHERE ARE DUAL ENROLLMENT CLASSES HELD?

Harrisburg University offers several options for dual enrollment courses:

- Traditional classroom courses at Harrisburg University campus, located in downtown Harrisburg, Pa. during the academic year
- Online courses (limited number)
- Courses offered at select high schools during the academic year

WHAT ARE THE ADVANTAGES OF DUAL ENROLLMENT?

By earning dual enrollment credit, you won't just be preparing for college, you'll be getting a head start on your academic and career goals.

Earning college credit in high school allows the opportunity to create a more flexible schedule as a college student. This will allow more time for other academic or extracurricular interests.

Dual enrollment allows families to save on future college costs by earning college credits at a discounted per-credit rate now.

Dual enrollment courses allow you to experience college life and gain valuable insight of your interests when choosing a major for college.

WHAT IS THE COST AND HOW MANY COURSES MAY A DUAL-ENROLLED STUDENT TAKE?

Harrisburg University courses on campus are **\$200.00** per credit. The university will work with individual school districts or consortiums to develop a contracted rate for groups of students. However, students may not take more than **11 credits** per semester.

WHAT IS THE DIFFERENCE BETWEEN AN AP CLASS AND DUAL ENROLLMENT?

Advanced Placement (AP) students prepare for college by experiencing college-level coursework taught by high school faculty. Students may receive college credit for the course if they score high enough on the AP exam. Dual-enrolled high school students are taught by university professors and earn college credits the same way a college student would, by taking and passing a college course.

Parents may use funds from their established PA 529 College Savings Program accounts to pay for dual enrollment while their child is in high school.
